

Commemorative Engraving Program

Mill Neck Manor Memorial Garden, Mill Neck, NY

North Shore Monuments... Your Partners in Fund Raising

Would you like to raise money for your organization and honor your donors at the same time?

Through the Commemorative Engraving Program, we will work with your company to sell honorary bricks, tiles, benches and bronze plaques.

The personalized stones are engraved with the donors name and other information, and then placed in the wall, entranceway or walkway of your choice. This program will allow you to raise funds for your community in ways you never thought possible.

North Shore Monuments offers a wide range of engraving mediums to fit your budget, style and time frame. Whether you are interested in a simple walkway brick or a more elaborate black granite tile, we will work with you to customize the program to meet all your fund-raising needs.

Walkway Brick (4 x 8) \$17
